EDUCATION

B.S.

Computer Science

Universitatea de Vest din

Timișoara

📅 June 2019 - July 2022

📍 Timișoara, RO

SKILLS

- Javascript (ReactJS, React Native)
- Python (Django)
- SQL (PostgreSQL)
- HTML5/CSS
- Java
- Unix, Git

WORK EXPERIENCE

Owner and Full-Stack Developer

Asysstum

📅 January 2021 - current

- Built 2 mobile applications in React Native and 2 web applications from scratch for a few major insurance companies
- Implemented a 2D drawing & sketch tool for accident statements in React Native and ReactJS
- Closely worked with the clients in an Agile environment to meet product requirements
- Implemented interactive and pixel-perfect user interfaces
- Thoroughly tested software for bugs and operating speed, fixing bugs and documenting processes to increase efficiency and user interactivity
- Brought improvements to the react-native-camera-kit package including performance, fixes regarding flash, auto-focus and QR scanning
- Designed 2 RESTful APIs with the backend engineer

Co-Founder and Full-Stack Developer

Orderro

📅 November 2019 - December 2021

📍 Timișoara, RO

- Created 3 mobile applications using React Native and Java/Swift+ReactJS (webviews) for the staff of the restaurant, the delivery drivers and the end-user
- Built RESTful APIs in Django that served data to the ReactJS frontend and to the mobile applications
- Implemented a ReactJS client-side application for food delivery
- Built and integrated multiple systems for the web and mobile delivery applications
- Implemented a websockets service for real-time GPS tracking of the delivery
- Constructed a websockets service for chefs to receive orders in real-time from the delivery applications
- Gathered requirements from HoReCa owners and employees to solve the problems of food delivery
